Jan 2017 - Jan 2017

ST. John's high School, Ranchi

GPA: 81.8%

Completed 10th Standard with 81.8%. Excelled in academics and actively participated in inter-school competitions.

PROJECTS

ONLINE QUIZ APPLICATION

Developed an interactive quiz platform that Engineered a robust and scalable system capable of handling users while maintaining consistent performance.

Optimized the user interface for seamless cross-platform experience on desktop. User can be able check the mistake and the final score in the last.

RECIPE GENRATOR

Developed this project during my MCA final year project. Recipe Generator from Food Images is a deep learning-based project that identifies Indian dishes from food images using a DenseNet201 model and outputs step-by-step recipes. It demonstrates the application of image classification in the culinary domain using computer vision.

CAKE BAKERY WEBSITE

Developed and optimized a responsive e-commerce website for cake bakery business, featuring intuitive product navigation, and enhanced UI/UX design. Implemented strategic improvements that streamlined the customer shopping experience across all devices, resulting in increased sales, and improved customer satisfaction.

SKILLS

Tech Skills: Python, JAVA, SQL, PostgreSQL, UI/UX , JavaScript, DSA.

Soft Skills: Strategic thinking, Team Work, Adaptability, Communication, Consistent

Office Software: Microsoft Excel, Microsoft Word, Microsoft Power point **Languages:**

English, S/R/W, Hindi, S/R/W

CERTIFICATIONS

Certificate on java programming

Complete Udemy course in git NPTEL

machine learning course

H20 from Infosys Spring boot online certification
